Certificate of Sterilization

The validation and routine control of the sterilization procedure are carried out in accordance with the following standards.

EN 550: Sterilization of medical devices –
 Validation and routine control for Ethylene Oxide Sterilization.

EN 556: Sterilization of medical devices –
 Requirements for medical devices to be labeled “sterile.”

Provided appropriate storage products remain sterile for at least 5 years from sterilization date. The bio monitors for the sterilization in accordance with EN550 and EN556 have shown no bacteria growth. The sterilization of enclosed listed products has been approved.

Sterilization Manager,
 Alan Happel
