

P-touch®

Desktop Barcode & Label Printers

THERMAL TRANSFER PRINTERS FOR
TOUGH & DURABLE LAMINATED LABELS

P-touch®
ELECTRONIC LABELING SYSTEM

Brother™ PT-9700PC and PT-9800PCN desktop barcode and label printers come as complete solutions that include a laminating label printer, label design and print software, and HG tape to help you get started right out of the box – all this for the price of just the printer! With HG tape, these small footprint printers produce professional looking glossy laminated labels at high 360 dpi resolution, up to 3.1ips and feature a built-in automatic cutter that trims a continuous “tape” to virtually any length, one at a time or as a strip of many labels cut for easy removal. Brother tapes come in an easy to load, drop in cartridge that is available in different adhesive types, sizes and colors. Compatible with Windows® 7 or print from many legacy software applications using a variety of software development tools available from Brother.
